An action RPG based in the world of "Dragons of the Elden Ring Cracked Accounts". Set in the epoch of a myth, you are "Tarnished", a character born from the mythical power of the Elden Ring. Thrown into the middle of a dark war, you become embroiled in the rebellion taking place in the Lands Between.

1. East

- Unique Rule Base that Fuses a Role-Playing Game System with a Dynamic Action System A rule base in which all enemies, except for bosses, are defeated when they are hit. Your primary missions are side quests. When a connection with the enemy lord is established, the dual characters fight in a dual role battle.
- Controls with Tactile Sensitivity Since all enemies are defeated when they are hit, melee attacks are a key component. Controls have been tuned to make it easy to use while still being enjoyable.
- Unique Dual Movement System that Connects Multiple Game Worlds In addition to the regular movement methods of quickly moving in a direction, the second move method allows you to move in a direction of your choosing.
- Enchant Your Equipment When swords are equipped, you can freely raise and lower the enchantment levels. By equipping a shield or armor, you can use synergy attacks or block. By equipping dual-weapon combinations, you can use even stronger attacks.
- Your Life is a Gauge that Defines Your Skill Since your life can be depleted from attacks, you must carefully use skills that increase your life. You can directly attack the enemy lord to temporarily recover your health.
- A Lifeless Hero Needs to Develop Skill Players can select any game world they wish to play in at the start of a new game. However, you can only change to a new game world during the battle with the Game World boss.
- Skilled Characters with a Feeling of Achievement The character who can fight the enemy lord the most is the best in the group. You can acquire a sense of accomplishment by striving to defeat bosses.

2. Kalka River Ring

- A Rule Base that Spans a Variety of Game Worlds All game worlds are connected. You can move freely between all of them. By completing certain quests, you can enter other game worlds.
- A Reversal of the Scale of Combat Combat takes place horizontally on a predetermined scale. Weapon durability is low. However, weapons with a lot of powerful attacks are very rare.

Elden Ring is set in the far future. Elden Rings, or "Arms", are the ancient devices that manipulate the displacement of time. Since the

dawn of time, they have been used for countless military reasons, and have also been used to harness time even further. The Empire, a government formed by splintering an ancient empire, then later reuniting that empire, utilized the powers of the Arms to lay the groundwork for its development. At some point, an explosion of energy occurred, wiping out all trace of civilization and resulting in the formation of the Lands Between. The Emperor died, the aristocracy collapsed, and the world began to remain stuck in feudal slavery.

Witness the beginning of a new era, and step into the role of a noble character on your quest for power.

Also see the prequel, "The Arma Formal: Chapter 1", which tracks the rations of those who first found the Arms.

Wipe your tears and get ready to become a hero.
