Https://rutube.com/video/i1jnrp4ytpdw.top.rar.Crews respond to three fires on the same day SAN DIEGO (KUSI) – San Diego firefighters were out in full force yesterday as they responded to three separate fires in the city. More than 10 engines were busy responding to a call about a house fire in the 1800 block of South Sedillo Street and another call from people who were near the 9600 block of Sandy Boulevard who reported seeing sparks. Two more fires were reported in the 1960 block of Balboa Street and the 5000 block of Old Highway 78. The South Sedillo Fire was reported at around 7:45 p.m. and located in a house. It was brought under control and the fire was out when crews arrived. According to the fire department, there was some extension of interior damage but the home was protected from the main fire by a single room. Because of the fire, a public school was evacuated and closed, according to the San Diego Fire-Rescue Department. Sedillo Street was closed between Otay and Balboa streets. One man was treated for minor injuries but authorities said the rest of the family was unharmed. "This is definitely a good turnout for the area," said Chris Jones, a member of the fire department. "This is the third time this has happened within the last month." Firefighters have been summoned to 10 other fires since October 17, including six residential, three building, one business and one vehicle. In the last two days alone, firefighters were sent to six separate fires. They were called out to a house fire on the 5300 block of Mission Gorge Road and e79caf774b
