Geschwindigkeit : 18,77 MB / s | Angebot ausgeteilt - 18:57:44 | Heruntergeladen 1.53 Googledocs Hajime's DFTI game is similar to the popular Bejeweled. It also features a 2D scrollable game board. In addition to being an addictive game, it is also a puzzle game. Its objective is to clear all the gems by matching three or more of them using the matching blocks. This game requires Flash Player 10 or later. It is being developed by Bent Nelsen in Denmark and . You can play this game for free without any registration or download required. It takes up to 17MB of disk space. . Standard version. Player 1 - Computer. Your mission is to clear the board by matching three or more of the gems and gems. You can drag the block to any hole. One block at a time, drag the block to the holes on the board. Fill the board with the black gems. Match three or more gems to clear them. Every time you match three or more gems, there is a chance to clear the board. Click on the board to see the number of remaining gems. Click on the board to clear a gem. You start with ten gems. You can clear a gem by matching three or more of them with the matching blocks. When you find the block you were looking for, it will be the number of the current gems, on the top left corner. Try to clear the board as soon as possible. Each gem can be matched three times, resulting in six matches. Drag the block using the left mouse button. Click on the gem you want to move. A green circle will appear around the gem. Move it using the right mouse button. Click on the block you want to move. If you click on the bottom, the left, or right edge of the board, the block will be dropped to the bottom, left, or right of the board. Click on the block to move it. Move the block as far as possible from the top, left, or right of the board. Clear the board by matching three or more gems. Play whenever you want. You can clear gems by matching two or three gems at the same time. If you clear the board using moves, the gems on the board will disappear. You will 6d1f23a050
