- **New AI - all opponents behave intelligently, putting you under pressure with line-breaking dribbling and intelligent and aggressive off-ball movement for a more reactive game.**
- **New Pro XP progression - see your skill rating climb as you master the game's game modes and Pro competitions, including UEFA Champions League and FIFA Club World Cup.**
- **New passing controls - the passing button's been moved from the left stick to the right shoulder button and give you much more control during passing and shooting.**
