iTunes DRM Audio Converter 2.4.5 - Microsoft.com. 1, 0, A..Q: how to make the touchpad work with unity? Ever since I switched from using Cinnamon to using Unity, I find my touchpad (Logitech G15) has stopped working. This is not an issue with the mouse itself, but my touchpad is now working. I tried installing the utouch package and the xserver-xorg-input-mouse package, and neither of them seem to work. The touchpad works perfectly fine on Xfce, though. Is there any way to get touchpad working in Unity?
