such as - Inside a Jenkinsfile the url is - I have a build step that uses a jupyter lab setup. I would like to only run the build step, if the node_modules are present. I'm unable to find any information on how to refer to the url, as i'm either hoping for a URL or a link. Does anyone know how to refer to that repo here? A: Goto the jupyter config section, select the git repo and paste the url of jupyter

lab setup(external repo/repo) there. Q: TextView inside HorizontalScrollView? So I have an ImageView and a HorizontalScrollView which both take up the whole screen of the phone. I'm then adding TextViews to the HorizontalScrollView one by one. The problem is that the views are not lining up right. The bottom TextView is right below the bottom ImageView and both are at

the bottom of the horizontalScrollView. But the top TextView should be right below the top ImageView. How can I make this work? I'm using a LinearLayout to place both the ImageView and the HorizontalScrollView as such: 6d1f23a050
