You will take pleasure from the features of myCompta for windows free crack including synchronization and a built-in audio player. You can also download other add-ons that make myCompta Pro more powerful and enhance its functions. Add notes to your timeline with the integrated text notes, then sync your notes with other devices as well as continue the sync after you close your notes. Once you have opened a note, it is just one click to add a video or an image. You can also integrate your images and videos into mind maps and even listen to music or voice notes. Use your Mac as a PC with iCompta Mac Pro Crack. You can also use every feature of a regular mind map diagram as well as tag each mind map. With the timeline feature, you can still create a mind map but only organized by date. Specify the master and sub timelines. You can then move the timeline to any position you like on the map. Use myCompta to effortlessly create task lists for yourself or others. Share your task lists via email, import them from other software. iCompta Pro comes fully charged with a number of useful tools to help you manage your task lists. Never loose notes again on your Mac or PC. myCompta also helps you to organize your notes into a tree of nodes and sub-nodes. To add another level of organization, you can create sub-nodes for each sub-node. iCompta Crack with License Key will also extend to your iPhone, iPad, and iTouch. These apps are compatible for Mac, Windows, iOS, and Android devices.
