# Xforcekeygen64bitAutoCAD2007 LINK

xforcekeygen64bitautocad2007 is a utility to generate a passphrase with a strong password using autocad 2007 password manager. it is targeted at autocad 2007 users and is bundled with autocad 2007. when invoked without any parameters, it will open the dialog box for selecting an external program to be used as a password generator. it will then provide the option to save the passphrase back to the password manager. if an application suitable for use as a password generator is selected, it is launched with parameters. for the xml files, the "\$"-delimited parameters are added and the following character is replaced by the name of the parameter: this software is provided "as is", without warranty of any kind, either expressed or implied, including, but not limited to, the implied warranties of merchantability, fitness for a particular purpose, or non-infringement. if you use xforcekeygen64bitautocad2007 to create a new autocad 2007 64-bit key, do the following: click ok. return to the temps subdirectory of autocad. (this can be found under the programs directory in the startup folder) locate temps-1 and temps-2. open these two folders, copying the temps-1 key from the temps folder to temps-1 and the temps-2 key from temps to temps-2. the temps-1 key (the one you are overwriting) should now be of the old 32-bit type. temps-2 should be 64-bit. (by default, it is 32-bit)
