Control Of Home Page Crack License Key (Final 2022)

Control Of Home Page Crack Activation Free Download [32|64bit] [Updated] 2022

Control of Home Page Activation Code is a small software application designed specifically for helping you lock the homepage of your default web browser in order to prevent unwanted changes. Malware, adware, and third-party software products may change your browser settings if you do not pay extra attention during setups. Restoring the settings may be prove to be a challenging tasks. Control of Home Page allows you to maintain the same webpage and prevent such scenarios. In order to run the program correctly and avoid bumping into compatibility issues, you need to install Microsoft.NET Framework 4.0 on the target computer. Portable running mode You can store Control of Home Page on pen drives or other portable devices and carry it with you all the time. The tool can be opened without administrative privileges. Since you do not have to go through an installation process, double-clicking on the executable file is sufficient for accessing the utility's features. It does not store entries in your Windows registry and leave other configuration files in your PC so you can uninstall it by simply deleting the package that you have downloaded from the Internet. The settings files are actually saved on the storage device. Simplistic looks Control of Home Page sports a clean and unpretentious GUI. All configuration parameters are integrated into a single window so they are easy to reach. A help manual is not embedded in the package. However, you do not need to consult one in order to get an idea about how the program works because the setup options look highly intuitive. It gives you the possibility to set the desired homepage of your web browser by simply specifying the target URL. In addition, you are allowed to lock the current homepage in order to make sure other software products cannnot make any changes. Unlocking the homepage can be done from the application's interface using a simple click.
